

Christian Counselling at EvangeliSphere

Welcome,

If you're seeking guidance, prayer, or perspective, we're glad you've reached out.

EvangeliSphere's counselling support is led by Caroline Munnik, a qualified Christian counsellor devoted to helping people find peace and direction through biblically grounded, Spirit-led care. Her work reflects a calling to walk with others through life's challenges with compassion, honesty, and faith.

Important to Note: Our counselling is a bridging service — not an ongoing therapy programme. It's designed to provide initial guidance and help you discern the proper next steps.

All communication is handled by email. Write to us with your concern, and Caroline will respond within 48 hours with advice, encouragement, and recommendations for further support if needed.

We believe that true healing begins when faith and wisdom meet — and we hope to help you take that first step.
